Project Prattville is facilitated for the City of Prattville by:

[Urban Collage, Inc.](#)
in association with:
[Sain Associates](#),
[Market + Main](#), and
[Contente Consulting](#)

On October 15, 2009, the Prattville Planning Commission was presented with drafts of an update to Prattville's comprehensive development plan. The result of a twelve month public process known as **Project Prattville: The Next Chapter**, the plan will guide private and public development in our community into the next decade. Thank you to the hundreds of Prattville citizens who provided their ideas and opinions by participating in public workshops and online surveys over the last year.

The presentation represents the beginning of a public review and comment period by the Planning Commission that will culminate in a public hearing on December 8, 2009 at 6:00 pm in Prattville City Hall. Copies of the drafts **Section 2: Comprehensive Plan** and **Section 3: Implementation** may be downloaded at www.projectprattville.com/documents. Section 1: Inventory and Assessment and various other documents from the project's public workshops remain available on the Download/Documents page of this web site. The October 15 Planning Commission presentation by Joel Duke, Prattville City Planner, and Dennis Madsen, Urban Collage, Inc. Project Manager, may be viewed at www.youtube.com/prattvillealgov.

Comments and questions regarding the draft documents may be submitted prior to the December 8 Planning Commission hearing c/o Joel Duke, City Planner at 102 W. Main Street, Prattville, AL 36067 or joel.duke@prattvilleal.gov. All questions and comments submitted prior to and during the public hearing and responses will be posted on this site as they are received.
